Executive Director

www.gfpf.org**To the Members of the Georgia Firefighters' Pension Fund**

The Board of Trustees and the Staff are proud to present to you this Annual Report for Fiscal Year 2010. Each year has its challenges and opportunities, and 2010 was no different from the prior years. We did our best to turn our challenges into opportunities and our opportunities into victories. We had some real successes this year amidst the uncertainty of the economic environment and the volatility of the capital markets. The Staff is continuing to provide excellent service as we improve our internal systems and controls and seek ways to garner efficiencies without sacrificing that quality of service. The following paragraphs discuss some of our accomplishments and the status of the Pension Fund as of the end of the Fiscal Year 2010.

Last year, we noted that we broke through the milestone of 18,000 in total membership, including active, retired and inactive members of the Fund. We continue to receive new member applications as the Fund grows in total size. As you will note in the data presented in the report, our pension benefit payments exceed our insurance tax receipts, and we are dipping into the asset base to meet our benefit obligation. This means that, for the foreseeable future, we will be dependent upon the growth of the assets to improve our funding ratio and provide future benefit improvements.

Along those lines, we have been working to pursue solid

returns in the portfolio through an improved structure in these difficult markets. The portfolio has performed very well, achieving a 14.1% total return for the Fiscal Year 2010. We have added real estate investment trusts, international equities and more small stocks and reduced our bonds. We are ahead of our benchmarks and, for the most part consistent with the actuarial expected return on the assets (long term 5.6% vs. 6.0%). While we are "under funded" as a result of the recent market meltdown, we are on the road to recovery and quite pleased with our progress.

Within the workings of the Fund, we held another Chief's Symposium to explore the practices of fire departments regarding volunteer reporting of training and fire calls, and we plan another this fall. This is a difficult issue with combination departments in that we want to be inclusive, but we do want to be sure this benefit is properly earned.

David Luther, our Field Coordinator, spends a lot of time with departments demonstrating reporting requirements and explaining rules. These Symposia provide a voice to the Chiefs to help us understand their issues in this regard. Similarly, we have started a program in our newsletters of explaining a Rule, or a segment of a Rule, each issue to help the members understand our Fund a little better and dispel the myriad of myths that tend to lead members astray. That, coupled with monthly "Reminders" has helped keep members aware of the responsibility and importance of accurate records when it comes to pension benefits and beneficiaries.

GFPF MISSION STATEMENT

As a supplementary pension benefit, it is the mission of the Georgia Firefighters' Pension Fund to supplement the welfare and well being of Georgia firefighters and their surviving beneficiaries when they, the firefighters, retire from the fire service and provide prudent stewardship to the assets held in trust that support this mission.

.....
Continued from Page 2...TO THE MEMBERS...

Another initiative we have undertaken is the development of the history of the Pension Fund. We have found bits and pieces of our story, here and there, and we are now researching the legislature and news clippings and interviewing some of the folks who may have been around back when the Fund was started to document its origins. It is an interesting and colorful story.

Our plans for the coming year are modest and focused primarily on improvements on the margin. We have no major legislative initiatives on the table, nor do we plan any significant changes to our Rules and Regulations. We do plan some investment initiatives in the private markets in keeping with the legislative initiatives achieved this year for our Fund. These investments will be established to serve the long-term goals of the Fund.

We, the Trustees, believe we are well poised for the coming year with a staff that has served you very well and will continue to serve you as this benefit program was intended. We sincerely invite you to visit and enjoy our facility, and let the staff know how much you appreciate the work they do for you.

It has been our honor and privilege to serve you during this past year. May God continue to bless you and keep each of you safe as you serve the people in your communities.

Sincerely,
Board of Trustees
